Back this year is the delight of creating a classic Porch Pot, the most upscale make and take

of our holiday workshops. Maybe you

prefer a miniature fairy garden class? This favorite is offered, too!

If you're feeling adventurous, try something new with our fresh-greens gnome workshop, where you design a whimsical gnome adorned with fun, seasonal accents.

Each workshop offers a hands-on experience ensuring a memorable and enjoyable time for everyone involved.

While you're visiting be sure and stop and say hello to *Dancer* and *Prancer*, who will be having a little vacay at Beaver Bark before Santa picks them up on Christmas Eve. We've also added more fun *Selfie Spots* for Instagram-able opportunities.

We are grateful to each of you in our community and to those who travel from afar to stop and shop with us, and for both allowing and contributing to the celebration of 30 years in business. # Creating a Breathtaking Announcement that "Spring has Sprung" Starts Now!

**Bulbs** are among the easiest of flowers to grow, and even the novice gardener will succeed. A flower bulb is actually a *self-contained* flower factory. All the bulbs need from you is to be placed in the ground or container at the appropriate time of the year. Give them some food and water, then leave them alone to do their magic. When spring arrives, relax, and enjoy the beautiful show!

Bulbs are an excellent choice for container gardening, and the larger the pot the better! For a mini-garden effect, choose multiple containers and pot sizes and fill with your favorite colors, and for a massive color effect plant a single variety.

To get continuous spring color, plant several different kinds of bulbs that have successive flowering periods. Use the *lasagna* technique to achieve this performance from your flowers.

Check the suggested planting depths for the bulb variety on the package instructions, and remember, the pointy end goes up. For the healthiest spring flowers, be sure and use fresh potting soil, and **Dr. Earth Bulb Food** (which is organic, and rich in phosphorus for strong root development).

*A Delightful Christmas Gift  
from the Christmas Rose*

Winter Jewels™  
Fire & Ice

HGC®  
Ice N' Roses® White

Sometimes referred to as the Christmas Rose, this cheerful and beautiful shade-loving perennial gives you the gift of flowers in the garden during the winter months, which is really quite amazing in itself. The Lenten Rose, (botanical name: *helleborus*), aren't just cold hardy but are quite easy to care for. They need a shadier spot in your landscape, however, so giving them full morning sun will lengthen their bloom time and keep them vibrant.

Symbolizing peace, serenity, and tranquility, you can enjoy their fresh-cut, colorful flowers and showcase them in your favorite wintertime vase. Bloom times vary from November to April, depending on the variety. Our favorites include *Fire and Ice* from the Gold collection of the German breeder Heuger, and *Ice and Roses*, bred closer to home in Oregon state.

*Your Plants Were Born to be Wild. Raise Them That Way.  
Help Your Houseplants Thrive Like They Would in Nature!*

### **Proud Plant Mum Leaf Care**

Protect spray and cleaning gloves keep leaves shiny, dust-free, and looking more beautiful. The plants really love it. This kit will become your favorite after just the first use.

### **Protect**

Neem Oil is combined with a special microbial blend, and botanical oils to provide broad-spectrum protection and remedy the environmental stressors that make plants struggle.

### **Grow**

Packed with bacteria, enzymes and nutrients for fast growth, this bioactive liquid plant food is fast absorbing to give plants the kick they need to thrive. Ditch the chemicals!

### **Enrich**

Developed to form and strengthen roots, while transforming your soil into a complex ecosystem, ripe for growth, packed with 10 kinds of beneficial fungi and 500 million microorganisms.

# Effortlessly Make These Timeless Holiday Classics

Stonewall Kitchen debuted at a local farmer's market in 1991, with a few dozen items, and made a splash. Fast forward to today, and it's now known for award-winning products, all made in the USA. If you're ever in York, Maine, stop into their flagship store for an experience you won't soon forget. In the meantime, we carry a nice selection of their many wonderful products.

## Bloody Mary Mixers

These mixers are a Bloody Mary lover's dream. From the garden-fresh flavor of crisp cucumbers, to the zesty zing of Peppadew peppers, pick the mix that's perfectly suited to your tastes. Pour over ice, add spirits, garnish, and enjoy!

## Holiday Spiced Punch Mixer

Get into the spirit with this festive and fruity mixer, featuring cranberries, apples, and limes, and sweetened with organic wildflower honey. This merry blend is just the right balance of naughty and nice. Serve with alcohol or create the perfect party punch with seltzer for some wholesome fun.

## Pomegranate Cosmo Mixer

The yummy purple/red color is reason enough to stir one up. Contains pomegranate juice, high in antioxidants and delicious in a martini or Cosmo. Refreshing and not too sweet, this is a wet bar essential, and Carrie-approved.

## Sea Salt Espresso Martini Mixer

When you are craving a jolt of java, try this slightly caffeinated, incredibly smooth drink mixer. It brings the coffee house to your home bar. Complemented by the perfect pinch of sea salt, blend with your favorite liquor to create a marvelous martini, or just add milk for a tasty treat.

# Enjoy the Taste & Aroma of Aspen!

From their humble beginnings in Aspen Colorado, these wonderful mulling spices are amazing, either hot or cold, and even perform well for use in baking. Unlike other mulling spices, no cooking is required, since Aspen completely dissolves. To fill your home with its magical holiday scent, steep some on the stove.

## Original Spice Blend

The flavor where it all began: with the warm, delightful flavors of cinnamon and clove. For mulled wine, add one carton to 1.5 liters of wine, and serve hot or cold

## Cinnamon Orange Spice Blend

Add one carton to one gallon of apple cider, unsweetened tea, cranberry or even pineapple juice and serve hot or cold depending on your mood.

## Caramel Apple Spice Blend

Rich caramel flavor blends with crisp apples, and makes for an absolutely delicious combo. For a Spiced Toddy, add to whisky, rum, or brandy, and serve hot or cold.

## Eggnog Mix

For this holiday staple, simply add to milk or a milk substitute, let thicken for a few minutes. Enjoy by the glass or even over fresh fruit. For an adult beverage add one jigger of rum, brandy, or whiskey.

# So You Want Something... different. We Got You.

These aren't your basic chocolate bars. Get your *weird on* with these chocolate bars from *Hammond's*.

There's so much fun in eating or gifting these deliciously odd flavors, but for the more traditional chocolate lover, we also have you covered, so you'll get to indulge those cravings, no matter what! (We personally can't stay away from the Candy Cane Crunch!)

**sharing is caring?**

**then let grandma

*Well, I never!*

The very best candy cane comes from Hammond's, hands down. Made in a huge array of flavors and in several styles, you just get a great hand-crafted experience from the first lick to the last. Varieties come in traditional, filled, and organic. And as always, proudly made in the USA.

# THESE JELLIES ARE HO HO HOT!

But don't worry, some are just right for the "Sweet, not heat" lover!

All year round, we carry these award-winning artisanal jellies in lots of flavors. This time of year, we offer Christmas jellies too, which are fantastic for gifting. From mild, to wild, to wicked, to scorched, these flavors brings out the chef in everyone.

# WE KNOW WHAT'S IMPORTANT ON GAME DAY... SUPER SNACKS!

On game day, Stonewall Kitchen's lineup of flavors takes any spread to the next level. Whether it's bold heat, a hint of sweetness, or a burst of savory richness, the variety of sauces, seasonings and dips add a rush to every dish. Yummy dips are great with crispy snacks, while bold and tangy burgers add an exciting contrast to sauces that go on ribs, wings and more. The goal? To bring that extra kick to the game day feast.

## **Our Fresh-Cut Tree Lot Opens November 24**

*Choose your freshly cut Christmas tree from the outdoor lot, and bring home one of the fullest, freshest trees in the Tri-Cities! See you there!*

**Noble Fir** • Deep green in color with an unusually lovely branch shape. Boughs of this tree are often made into fresh wreaths. Its branches are sturdy, yet the needles are not too sharp, and decorate easily.

**Grand Fir** • Has a glossy, dark green color with needles that are 1 to 1½ inches long. This tree is *by far* the most fragrant.

**Nordmann Fir** • A very full tree in terms of both branches and foliage. The needles display a dark, green, glossy upper surface with a contrasting silvery white underneath. Its lighter scent makes it a more suitable tree for those with allergies.

*If you're looking for a forever tree, we also carry a large assortment of flocked, frosted, and lifelike luxe trees with or without prelit features, in sizes that will fit any home.*

**NOBLE

**Grand  
fir**

**NORDMANN

## Beautiful, Bountiful Boughs

### NOBLE FIR

We love its stiff, upright needles with a bluish tint. The sturdiness of this bough makes it a great support piece.

### PORT ORFORD CEDAR

Popular and versatile, this is a cedar with short needles and a graceful, blue-green color.

### PRINCESS PINE

*A favorite!* Pine is very popular because of the long, loose, blue-green stems & branches. Makes a beautiful centerpiece.

Naturally fragrant boughs are a fresh way to decorate porch pots, mantels, stairways, window boxes and even incorporate into holiday table settings. Embellish with twinkling lights, flameless candles, bows, berries, ornaments, dried florals, branches or anything you love, for the perfect look you can share on social media!

### JUNIPER BERRY

These are hand cut and adorned with silvery-blue berries. Lightly fragrant with bluish green branches.

### INCENSE CEDAR

A gorgeous cedar, beloved for distinctive and fragrant yellow buds at the tips of the branch.

### MIXED GREENS

A great assortment of cut greens ready to go for any decorative holiday project.
